

## PRODUCT DESCRIPTION - PD 228923-6.1EN

### Fibrex 595 DC

Valid from: November 22, 2010

#### Description

Dust controlled sugar beet fibre with a particle size < 0.125.

#### Ingredients

Sugar beet pulp, vegetable oil from palm

#### Physical/Chemical specifications

Dry matter	92 %
Particles <0.125 mm	min 97 %
Particles >0.125 mm	max 3 %
Water holding capacity	approx 3.4 - 4.1 g water/g <sup>1</sup>

<sup>1</sup> The water holding capacity is thermostable

#### Microbiological specifications

Analysis according to NMKL methods:

Total plate count	< 1000 CFU/g
Yeasts	< 100 CFU/g
Moulds	< 100 CFU/g
Enterobacteriaceae	< 10 CFU/g
E.coli	negative
Salmonella	negative
Bacillus cereus	< 100 CFU/g
Clostridium perfringens	< 10 CFU/g

#### Nutritional data

per 100 g	
Energy	850 / 210 kJ / kcal <sup>1</sup>
Protein	8 g
Carbohydrate	5.5 g
of which sugars	5.5 g
Fat	2 g
of which saturated	< 1 g
Fibre	67 g <sup>2</sup>
of which	
- Hemicellulose (42%)	
- Cellulose (28%)	
- Pectin (27%)	
- Lignin (3%)	
Sodium	0.05 g
Minerals	4 g

<sup>1</sup> The energy value is corrected according to Commission Directive 2008/100/EC and Codex Alimentarius.

<sup>2</sup> According to AOAC 45.4.07/NMKL 129. Some hemicelluloses, particularly arabans are exceptionally soluble in alcohol and therefore not recovered in the fibre analysis. However, their degree of polymerisation is well above 10 and they are therefore fibre according to current Codex Alimentarius and EU definitions. Taken this into account, the total fibre content is approx. 73%.

Fibrex is a product of nature, with natural variations according to place of growth of the sugar beet, weather conditions etc. The specifications parameters on composition can therefore by definition not be binding, but must be seen as a guideline.

#### Storage recommendations

Shelf life in unbroken packaging: 3 years

Keep dry, relative humidity < 65 %

## PRODUCT DESCRIPTION - PD 228923-6.1EN

### Fibrex 595 DC

Valid from: November 22, 2010

#### Packaging

---

79522 / 22 kg, 660 kg/pallet

Fibrex is delivered on Europallets in 2-sheet  
Semiclupac or Duplex bags, (1x90g/m<sup>2</sup> + 1x80g/m<sup>2</sup>).

#### Produced in

---

Sweden

#### Kosher information

---

The product is Kosher. Certificate is available on request.

#### GMO information

---

The product does not contain or consist of GMOs and is not produced from or contain ingredients produced from GMOs as defined in Regulations (EC) No 1829/2003 and 1830/2003.

#### Allergen information

---

The product does not contain any allergens as listed in Directives 2003/89/EC (Annex IIIa), 2005/26/EC (Annex) and 2006/142/EC (Article 1).
